

C=Condensation valve

W=Wash valve
P=Prewash valve

MAIN ELECTRONIC BOARD

Temperature probe(washing)

Door safety interlock

ON/OFF button

Anti-interference filter

Pilot lamp

Pressure switch

Overheat protection thermostat

Heating element (washing)

Heating element (drying)

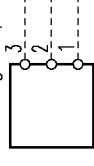

Overheat protection thermostat

Pressure switch

Temperature probe (humidity control)

Temperature probe (drying)

Analogic pressure level

Temperature probe(washing)

Door safety interlock

ON/OFF button

Anti-interference filter

Pilot lamp

Pressure switch

Overheat protection thermostat

Heating element (washing)

Heating element (drying)

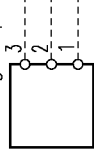

Overheat protection thermostat
