**NEW PERIMETER DOOR SEAL**

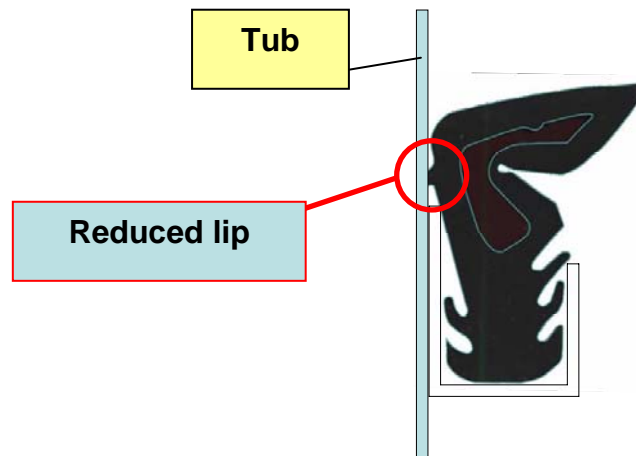

**DESCRIPTION:**

We inform you that new perimeter door seals will be introduced from March 2007 (Serial Number 710xxxxx) in the dishwashers produced in the Solaro factory.

The modification consists in the reduction of the lip that gets in contact with the tub wall (see drawing).

**AFFECTED MODELS:**

All **DIVA** models.

**SPARE PARTS:**

**Notes for the interchangeability:**

In case of servicing due to the interference between the upper basket rail and the perimeter door seal, use the new perimeter seal.

The new seals are perfectly interchangeable with the ones previously used.

When the old stock is depleted, only the new seal part no. will be delivered.
