Connectors of stainless steel enduring high currents

IMPORTANT

When repairing cookers it is very IMPORTANT to use only connectors of steel because they can endure higher currents.

Now you may order CONNECTORS of steel, PROTECTIVE SLEEVES for these, and SILICON CABLE, from Distripart Torsvik telephone Int + 46 36 147150

ALWAYS use a PRESSING TOOL which releases when enough force is obtained.

Ordering numbers

CONNECTORS STEEL	1,0 mm ²	3052342015
CONNECTORS STEEL	1,5 mm ²	3052342023
CONNECTORS STEEL	1,0 mm ² (only for hotplate connectors)	3052342031
