“Acquastop” Fill hose

DESCRIPTION:

We inform you that some fill hoses with “Acquastop” function of different lengths – so as to satisfy various needs - are available in the Distriparts Warehouses.

AFFECTED MODELS:

They can be used in all dishwashers that already feature this system and are produced in the Solaro (IT) and Zarow (PL) factories.

SPARE PARTS:

The following table indicates the spare part nos. and the available lengths divided by dishwasher structure:

Part no.	L= (mm)	Structure
1526443047	1500	DIVA 45/60/90 cm
1526443120	2000	
1526443237	1800	
1526443302	2700	
1526443401	4000	
1526443518	1800	DIVA 55 cm
1526443609	2700	
1526443708	4000	

Notes for interchangeability:

It is possible to use a hose with a different length to replace the original one, provided that the structure is the same.
