

**ICE BUILD UP ON THE COLD MODULE**

The cold module in the top of the freezer is covered in ice

**SOLUTION:**

Check the connection and the assembly of the fan unit at the back of the cold module. There are two possible problems:

1. Fan is not connected

2. Fan unit is not in the right position.

Use the following QES Codes when reporting the Service Order:

Component	108,169,331,401,404,701,703
Defect	10,80,81,87,

**MODELS INVOLVED:**
