

## NEW MAIN AND DISPLAY BOARD FOR BUILT-IN COFFEE MACHINES

### DESCRIPTION

We inform you that listed ELECTROLUX and AEG built-in coffee machines produced from 2020-01-01 are equipped with a new main PCB and new Display PCB.

The new PCB (as single spare parts) are not compatible with old version, therefore it is not possible to install the new main PCB on a machine equipped with old display PCB and vice versa.

However, it is possible to change **both** PCBs on an old version machine.
